

Scholarships for graduate school

mobil.LAB:

Sustainable Mobility in the Metropolitan Region of Munich –
Complexities, Challenges, Perspectives

Beginning **July 1st, 2011**, there will be eight doctoral scholarships to be awarded within the framework of the Hans Böckler Foundation and the **TU München's** mobil.TUM doctoral programme named as 'mobil.LAB'. The scholarships will be awarded for a maximum period of three years and will support the following research priorities conceptually and empirically oriented to the metropolitan region of Munich:

1. regional spatial and transport systems
2. travel behaviour
3. regional mobility culture
4. governance processes.

Awarding of the above mentioned eight scholarships will be decided according to the guidelines of the BMBF and the selection and funding criteria of the Hans-Böckler-Stiftung. Applicants must demonstrate an above average final degree standing as well as voluntary commitment to trade unions and/or social organizations.

Application documents can be found at: <http://www.boeckler.de/473.html>

The application forms as well as an exposé (ca. 10 pages), which outlines the planned project and its contribution to the research programme, must be sent to the following address before **January 31, 2011**.

Prof. Dr. Regine Gerike
mobil.TUM in the Chair of Traffic Engineering and Control
TU München
Arcisstr. 21
80333 München

More information is available from the spokespersons of the programme, Prof. Dr. Regine Gerike and Dr. Sven Kesselring at www.mobil-tum.de.

The concept of the programme is available at:
